The Elba Clipper

Dedicated To Development
of Elba and Coffee County

Coffee County Paid \$6,289.15 In Co-Op Taxes

Final details have been agreed upon for sale of The Elba Clipper to Mrs. Lucile K. Woodham McRae, publisher of The Florida News, to be operated by her and her son, Larry K. Woodham.

The transfer was from The Elba Printing Co., Inc., of 110 South Alabama Counties, and one county in Northwest Florida, totaling \$6,289.15.

Property tax paid in Coffee county for 1961 was in the amount of \$6,289.15.

The 1961 property tax payments exceeded 1960 payments by \$1,822.48. Officials announced that the total 1961 direct tax bill of the two Andalusia electric cooperatives will amount to over \$185,000.

Electric cooperatives in Alabama pay all taxes paid by commercial utilities, with the single exception of income tax. Electric co-ops are non-profit utilities, providing service at cost.

Since beginning operations in 1944, the two electric cooperatives which have headquarters at Andalusia have paid over \$1,000,000 in direct taxes.

Alabama Electric Cooperative, a generation and transmission electric co-op, supplies electric power at wholesale to the cities of Andalusia, Opp, Troy, Brundage, L. Verne and Elba; to the Opp and Milledge Cotton Mills at Opp, and to the following REA electric distribution cooperatives:

Covington Electric, Andalusia; Wiregrass Electric, Hartford; South Alabama Electric, Troy; Pea River Electric, of Oak; Southern Pine Electric, Brewton; and Choctawhatchee Electric, DeFuniak Springs, Fla. Covington Electric Cooperative provides electric service directly at retail to some 9,800 consumers, most of whom are rural, in Covington, Coffee, Crenshaw and Geneva counties.

Kirk Phone Sale Approved As Elba Joins Big System

General Telephone and Electronics Corporation acquired the Kirk Telephone System, which includes telephone properties serving portions of Alabama and Georgia, including Elba, it was announced in New York by Donald C. Power, GT&E Chairman and Chief Executive Officer.

Mr. Power said that the transaction has been approved by state and federal regulatory authorities and formal closing activities took place Dec. 19 in Atlanta. Through his acquisition about 43,200 telephones in the 37 Alabama exchange areas are added to the General System, which constitutes the nation's largest independent telephone system. An additional 25,600 telephones serve 22 exchange areas in Georgia.

To administer the newly-acquired Alabama properties, General Telephone and Electronics has incorporated two wholly owned subsidiaries, known as General Telephone Company of Alabama and General Telephone Company of Southern Alabama.

The largest operating company of the Kirk System in Alabama is the United Telephone and Telegraph Company, with headquarters in Dothan, Jacksonville, and Tallahassee. The company, known as United Telephone Company of Alabama, and five other affiliated proprietors in contiguous areas to United Telephone and Telegraph were all included in the transaction.

General Telephone Company of Alabama will assume control over Jackson County Telephone Company, Inc., and Southern Alabama Telephone Company, Inc., a corporation organized to acquire the proprietary properties. General Telephone Company of Southern Alabama will take over operations of the Alabama Boy Scout Council, which has been appointed scout executive of the South.

Hay will succeed Bob McRight of Dothan, McRight announced last week that he was resigning the position he has held for about 13 years, due to ill health, effective Dec. 31.

Elba Army Man Finishes School

Army Capt. Paul L. English, 32, whose wife, Marianne, lives at 200 Highland, Pittsburgh, Pa., completed the 16-week associate course at The Army Command and General Staff College, Fort Leavenworth, Kan., Dec. 15.

The class of 410 U. S. Army officers and 36 officers from 18 allied nations received their diplomas from Brig. Gen. Harry J. Lemley Jr., assistant commander of the college, at graduation ceremonies. Former president Harry S. Truman, an honorary member of the staff and faculty, gave the graduation address.

The college, the Army's senior tactical school, was established in 1881 as the School of Application of Infantry and Cavalry. The associate course was established in 1947 and is designed to prepare selected officers from all components of the Army for duty as commanders and general staff officers. This class, the 24th to complete the course, included 73 Army Reserve and Army National Guard officers on temporary active duty. The attendance of civilian component officers is indicative of the Army's effort to train and maintain "One Army."

Capt. English is assigned to Headquarters, 3rd Artillery, a Nike-Hercules missile unit in West View, Pa. He entered the Army in September 1952.

The Captain, son of Mrs. A. H. English, Elba, is a graduate of Elba High School and attended the University of Alabama in Tuscaloosa.

ON HONOR ROLL
Susan Murphree Davis, Elba, has been named to the dean's list for the fall quarter in Auburn University's School of Science and Literature. Dean Roger Allen listed the honor student's average as 2.72 of a possible 3.0.

Opp Firm Sued In Wage-Hour Law

Montgomery — One of the first injunction suits in Alabama under the 1961 amendments to the Fair Labor Standards Act has been filed in the United States District Court here.

Secretary of Labor Arthur J. Goldberg has asked the court to restrain H. B. Paulk and Company, Inc., of Opp, Ala., from withholding payment of overtime compensation alleged to be due 23 of the firm's employees.

The action contends that the firm now owes \$10,529.76 to workers who were engaged in commerce or in the production of goods for commerce, but who were not compensated at one and one-half times their regular rate for time in excess of 40 hours a week as required by the Federal Wage-Hour law.

Welfare Is Put Ahead of Schools
OZARK — In a hard-hitting speech before the Ozark Kiwanis Club recently, Curtis Duke, president of the Coffee County Division of Classroom Teachers, denounced the treatment of Alabama schools by its citizens as "senseless, indelible, and depraved."

"The present ridiculous plight of Alabama's schools is senseless," Duke stated, "because sensible people wouldn't let their schools get in the financial mess that school systems all over the state are now in. It is indefensible because Alabama, along with the rest of the nation, has unprecedented prosperity in spite of some unemployment. Thirdly, a group of people that spends more on its liquor, tobacco, and commercial recreation than on its education has a twisted and depraved sense of values."

"Alabama next year will administer some \$104 million dollars, reportedly, for welfare payments, while spending about \$82 million for the education of public secondary and elementary children. If it be argued that the welfare payments are obtained on a matching basis from the Federal government, let it be remembered that these Federal dollars come from Alabama in the first place. How can a state justify spending more for relief than for education of its children?"
